

HORSE DREAM NEWS

Halfpad Ultra Triple Plus for high withers

This very striking sheepskin halfpad offers more space for high withered horses. Three pockets on each side of the spinal canal make the pad highly variable. The six single foam pads can be removed very easily and allow the customised adjusting of the saddle. The sheepskin has 30mm wool.

Colours: 62 black / natural

Sizes: WB

Halfpad Standard Border

The classic among the saddle halfpads. The underside is made entirely of genuine sheepskin. The wool is 30mm. The upper side is made of our special saddle pad fabric. It is fixed to the saddle with Velcro strips. The sheepskin is tucked over to the top side at the front and can be used to position the saddle. The sheepskin edging at the back also acts as additional edge protection and adds a visually decorative touch.
